

What was most helpful to you at the WDA 28/20 Conference? Why?

“This is something we really need for our church. I appreciate the humility of the WDA group as well as the striving for excellence.”

“Open and honest comments and answers as well as the willingness of Jack (Larson) and Bob (Dukes) to say “I don’t know—have all the answers”

“I enjoyed this!” “The content and plan are the most helpful – the content tells what we need to do, and the plan tells how to start what we should already be doing. This gives motivation!”

“Rcaps grid was the most helpful in helping me with my vision to start small groups ...”

“The emphasis on applying it in your own ministry situation – we were apprehensive about coming and just being overwhelmed with info and not knowing how to make it practical for us.

“The Saturday a.m. session- particularly the “2 rails” illustration. Secondly, the Fri. a.m. session on getting beyond emotional issues.”

WDA conference attendees.
